

Getting no Union mail? Changing your address?

Please help us be sure we have your correct address...

If you've moved and updated your address with your department or your campus Human Resources office, you still need to update your Union!

Your Union is here to keep you informed... but to do that, we need your current mailing address.

Address changes filed with the University are not automatically sent to your Union. Only you can change your official Union membership address. Mail this form today to ensure you're receiving all your Union mail.
