

# GOOD JOBS: INVEST IN OUR FUTURE

**SANDRA** *Ramos*

Custodian and CSUEU member, CSU San Marcos

I have worked at San Marcos for three years. I am a widowed mother with two children. I lost my husband to cancer. I really like my job and have good managers and co-workers.

As it stands now, I don't make enough to support myself or my family. I live in a granny flat with my son. I am grateful to have this job and I am happy to have my medical insurance. I do not spend my money on anything but essentials, and I am still not able to afford my bills and still feed my family.

San Diego is one of the most expensive places to live in the country, and with the way the economy is now, I don't know how much longer I'll be able to sustain doing this. I love everything about this job except for the pay and lack of opportunity for advancement professionally or monetarily.

Please, I am urging you to allow us to be able to afford to live here. Please give us a living wage.

*Help CSU workers thrive.*

*Approve funding for CSU salary study recommendations in this year's budget.*
